

TIE UP RIGHT

NOT A WHEEL MOVING
ON THE GEORGIA
RAILROAD.Strike to Enforce Supremacy of White Men
Over NegroesIN NINTH DAY
OF ITS EXISTENCE.Several Sections Through
Which the Railroad
Cuts Its WaySay It Cannot Run Trains
on Which Colored
Men Ride.

Atlanta, Ga., May 25.—With dozens of some necessities of life shipped in several small Georgia trucks, the Georgia railroad firemen strike to enforce the supremacy of white men over negroes is in its ninth day. Not a wheel was moving on the entire main line between here and Augusta, nor on any of the roads branching off it.

No definite hope of improvement was held out until the arrival here of Commissioner of Labor Charles P. Neill, General Manager of the railroad, and Vice President Ball, of the firemen's organization. The firemen, who are both white and colored, are both demanding Mr. Neill.

Governor Smith meanwhile has been questioning his efforts to bring about arbitration.

The complete tie up of the railroad has an unusual aspect. Several communities through which the road passes have made it known that they will not be allowed to pass carrying negro firemen or strike-breaking firemen. So positive have been these announcements that the outcome of attempting to force trains to run is a matter of some anxiety.

It is largely a race problem which will be presented to Labor Commissioner Neill when he arrives in Atlanta. The cause of the strike was the discharge of ten white firemen and the employment of negroes in their places.

Division Superintendent Terrill said that the Georgia postmasters have been authorized to use automobiles whenever possible but that they were not authorized to spend any money for automobiles. An automobile mail service was established out of Augusta as far west as Thompson's station.

From Atlanta a hand car loaded with mail sacks, was started in the opposite direction.

General Manager Scott, of the Georgia railroad, after a conference with the directors here today said he had no statement to make and that he did not know whether Governor Smith's proposal for an arbitration commission of six would be accepted. From now here was there any indication of violence.

Washington, May 25.—Every effort is being made to promptly discontinue the mail when train service is resumed on the Georgia railroad on which a strike is now in progress. Reports are daily coming from business men in the south indicating that the lack of mail facilities is causing serious inconvenience not to mention the heavy loss to them.

Up to the time the cabinet met today not a word had been received from Attorney General Wickham from District Attorney Erwin in Atlanta regarding the Georgia railroad strike. The department of justice has given this official a free hand to deal with the situation, but, of course, it is expected that he will report promptly what measures he has taken.

Following the ordinary course it would be the duty of the district attorney to apply immediately to the federal court in Atlanta for an order compelling the strikers from interfering with the United States mail through stoppage of traffic over the Georgia railroad.

**CASE CLOSED
AS TO TESTIMONY.**

Chicago, May 25.—Both sides rested today in the case of the state against the three labor leaders, M. J. Madden, F. A. Pouchet and M. J. L. who are charged with conspiracy to extort in connection with the settlement of a strike on the part of the Joseph Kleika Co. in Chicago.

LAST WILL

Of H. M. Rogers Will Be Read to Family Tomorrow.

New York, May 25.—The will of H. M. Rogers is to be read tomorrow afternoon at his late residence in east 73rd street by his attorney James M. Hook. Only the immediate relatives will be present.

Previous to the reading of the document Mr. Hook would read the contents and the amounts of the estate involved. Estimates of the value of the estate range from \$40,000,000 to over \$100,000,000.

Mrs. Rogers, who is said to have collapsed after the funeral services at Fairhaven, was reported as improving today and it was said that following the reading of the will she would return to Fairhaven, for a long rest.

UNIVERSAL TIME
IS PROVIDED FOR.

Washington, May 25.—A day light savings bill has been introduced by Representative Peters, of Massachusetts. The measure provides that "four April small hours" and "four September long hours."

The bill is to shorten the hour between two and three o'clock on the morning of each of the first four Sundays in April to forty minutes to make the hour between two and three o'clock in the morning of each of the first four Sundays in September consist of 50 minutes. The measure provides that the arrangement of time shall be known as Universal time and shall not affect Greenwich time as used for the purpose of astronomy and navigation.

STANDING COMMITTEE.

Denver, May 25.—The report of the standing committee on home missions engaged the attention of the general assembly of the Presbyterian church when the session opened at 9 o'clock. This report and those of the standing committee on colleges and the standing committee on synodical home missions took up most of the assembly for the day.

The reports of several committees were made the special order for today. The Women's Board of Health Missions resumed its session this morning.

MOUNTAIN ROMANCE

Brings Out Rather Queer
Advertisement for a
School Teacher.SCHOOL BOARD
GOES INTO DETAILIn Describing Only Kind of
Female Who Can
Have Position.

Port Collins, Colo., May 25.—A mountain romance has been brought to light through the following queer advertisement inserted in the local newspaper by a member of the Virgindale district school board.

"Wanted—For school district No. 12, a teacher with a glass eye, gray headed, a wooden or cork leg, so she can't dance; and is sure to take to the woods if she sees a man coming."

Miss Myrtle Putney taught the Virgindale school. She was pretty. She was deluged with invitations to dance, and dozens of youths of the farming country laid their hearts at the altar of her beauty.

The grave heads of the school board soon decided that a teacher who danced so divinely and so frequently at night could not properly work with her head during the day.

BAILEY IN ROLE
OF AN OBJECTOR.

Washington, May 25.—It was made evident today that Mr. Bailey had come to the senate in an objective state of mind. The big Texas senator passed through the senate lobby with his broad brimmed hat pushed back on his head and when the journal was read and its approval asked by the vice president Mr. Bailey objected and called attention to the lack of a quorum. So intent was he on objections that when he answered his name he called loudly "No," notwithstanding that it was a mere roll call. The senate was convulsed with laughter and for the first time a smile appeared on his face and quickly announced his presence.

Senator Aldrich, who was one of the first to enter the chamber, crossed over to the democratic side and had a friendly talk with the Texan. Forty-seven senators answering to their names, Mr. Bailey offered at the time no further objection and business proceeded.

CAR CONDUCTOR
ALLEGED SHOVER.

Cleveland, O., May 25.—Archibald Chapman, a street car conductor, who gave his place of residence as Toledo, was arrested here today by secret service agent Peter Dick, on the charge of counterfeiting.

Both Dick and United States Attorney Day say that Chapman who had been working here as extra street car conductor for some time had a number of counterfeit quarters and nickels in his possession. The counterfeiting is alleged to have been done in Toledo.

STATE ARMORY

BOARD IS APPOINTED
BY GOVERNOR
HARMON.

Supreme Court Renders Decisions of Minor Importance.

SUDDEN RISE
IN WHEAT PRICEMarket Said to be Highest
Ever Reached in
Columbus.Ousting of Merrill From
Collinwood Council
is Endorsed.

Columbus, May 25.—The supreme court refused the motion of Rob M. Merrill, for a stay of execution of the judgment of the Cuyahoga county circuit court ousting him from taking the seat of George Billington, as a member of the Collinwood council to which he had been elected.

Columbus, O., May 25.—Among the supreme court decisions handed down today are the following: C. E. Tinsley vs. Brooklyn S. & L. Company, Cuyahoga county, judgment affirmed.

Northern Ohio Railway Co., vs. S. J. Caulfield, administrator, Summit county, judgment reversed and judgment for plaintiff in error on authority of Railroad vs. Harvey, 77 O. S. 235.

Joseph Sandowicz, admr., vs. Hollenden Hotel, Cuyahoga county, judgment affirmed.

Ed Miller vs. Nicholas Brothers Co., Cuyahoga county, judgment affirmed.

Columbus, May 25.—The new state armory board was appointed by Governor Harmon today. It is bipartisan and the appointees are as follows: Col. Byron L. Barger, 4th Infantry, Columbus; Col. J. M. Reiger, assistant adjutant general, Napoleon, O.; Lieut. Col. H. B. Ramey, 5th Infantry, Sandusky, and Capt. C. H. Bell, Company H, New Lexington.

Columbus, May 25.—The local price of wheat went sky high in the local market today. No 2 wheat sold for \$1.52 to \$1.54, the highest it is claimed ever obtained here. The continued cold weather and rains throughout the central portion caused the sudden rise it is believed.

JUNCTION CITY
FIELD IS ACTIVE.

Junction City, May 25.—This place is now enjoying great activity in the oil and gas business. Since the striking of the large well by the Alberta company, all companies which held leases in that vicinity are rushing timber on the ground for derricks and many town lots are being leased for drilling purposes. Within the next 30 days 10 wells will be drilling within the corporation, representing that many different companies.

Many Wells Drilling. Drillers are at work on eight wells in the Bass-Baltimore gas field. Two or three may be completed this week. Circleville parties, who have leased the Nancy Lenon farm and some other farms in Marion township, Hocking county are getting the timber for the derrick on the ground. The well will be drilled near Max.

REFUSED TERMS
BANKS OFFERED.

New York, May 25.—The plan to combine the fertilizing plants of Europe and this country in one \$50,000,000 corporation to be known as the Independent Fertilizer Company has been abandoned. The failure to put the plan into effect is due to the refusal of some of the proposed constituent companies to accept the terms of the bankers who had charge of the financial portion of the combination.

PORT IS AGAIN
CLOSED BY ICE.

St. John, N. F., May 25.—The ice blockage has again closed the port of St. John and five steamers were off Cape Race today unable to make the harbor. They were the Allan liner Siberian, from Philadelphia; the Furness Ainer, Algeria, from Liverpool; the Furness liner Durango from Halifax and Ellen from Sydney.

A few days ago the ice was driven away from the coast but a change in the wind has brought the pack back again.

MISSISSIPPI
ON RETURN TRIP.

Natchez, Miss., May 25.—The battleship Mississippi started upon her return journey to New Orleans today. Fifteen minutes after the start only her smoke was visible. Although it was early the hills about the city were covered with people, whistles sounded and more than one dainty lace handkerchief waved farewell. The journey will be made at a speed of 18 to 20 knots an hour and New Orleans should be reached early Wednesday.

LAMB

Proke Almost Brought About Horrible Tragedy.

New York, May 25.—John H. Hannon, a wealthy shoe manufacturer and his wife were the subjects of a thrilling rescue last night from their burning automobile in front of the Metropolitan Opera House, where the "Lamb" Club was giving its "Lambada" type car had just stopped at the entrance, being one of a long train of automobiles which when the car behind them suddenly plunged forward and shattered the radiator tank of the Hannon machine.

The glowing car caught fire spreading flames throughout the street, capturing the automobile and attracting a crowd of several thousand persons. The police rescued and the fire department was called.

While the fire was shooting up all about the Hannon car the policeman opened the door and first took Mr. Hannon out. With Mr. Hannon's assistance they lifted Mrs. Hannon across the lake of fire. Her automobile was almost completely consumed before the fire was extinguished.

BEVERIDGE QUOTES

Taft to Prove Intention Was to Raise the Tariff.

INSISTS THAT
PEOPLE BELIEVE

His Words and Republicans of Senate Should Execute Them.

Washington, May 25.—Defending his view that the judges of the republican party were for a revision of the tariff downward, Senator Beveridge today quoted extensively from remarks by Mr. Taft at Bath, Me., prior to his nomination for the presidency. He insisted that that speech was accepted by the people of the country as a declaration of part of the conservative forces of the party that there would be a revision of duties in order that they might be lowered. Mr. Beveridge quoted from various utterances by Mr. Taft to show that on several occasions the president had called attention to the necessity of revising the tariff downward.

EMMA VENTED HER

Well Known Theories on Family Matters and Heaped Satire ON POLICEMEN

STANDING ABOUT

To See That She Did Not Advise Violence in Her Speech.

New York, May 25.—Emma Goldman recited her well known theories on family relations last night to the members of the Sun Rise Club in a large Second Avenue restaurant with a dozen policemen included as hearers. Fearing that the anarchist leader might incite a riot or otherwise violate recent statutes concerning the preaching of doctrines which may overthrow the government, the police are now watching every move she makes. She was cautioned last night that if she spoke against the government or advised violence in any form she would be arrested and the meeting broken up.

Miss Goldman satirized the police in her discourse on "The Hypocrisy of Puritanism," and said if they had ordinary intelligence they would not be there.

A member of the Sun Rise Club said that the police were following Emma Goldman day and night and that to see her in her own home, it was first necessary to gain the consent of the policeman at the door.

BALDWIN WILL
TRY LONG FLY.

New York, May 25.—The aerial carnival to be held at Arlington, N. J., opens this afternoon, when with weather permitting, Captain Thomas Baldwin will attempt a flight in a new airship from that point to New York City and return.

A suburb about nine miles west of this city, Capt. Baldwin's new machine is a duplicate of the army ship No. 1 which he sold to the government.

FOUR HORSES START
IN LATONIA DERBY.

Cincinnati, May 25.—Four horses are entered to start in the Latonia derby, the feature of the opening of the spring meeting of the Latonia Jockey Club this afternoon.

A light rain is falling this morning and the track probably will be slow. The value of the derby to the winner is \$3,200; second horse \$200; third, \$200.

MAXI AND MINI

MAY BE DECLARED
AS INVALID
TWINIf Contentment of Senator
Shively, of Indiana,
Proves True.TAKES GROUND
THAT IT GIVESTo Executive Power That
is Not Tunesful With
Constitution.If So Dingley Rates Will
Continue to be in
Force.

Washington, May 25.—That the maximum and minimum rate provision of the senate bill may prove unconstitutional on the ground that it delegates legislative powers to the executive and that the tariff bill as amended by the senate may as a result of such a decision prove null and void and the Dingley rates be continued, were some of the assertions made today by Senator Shively of Indiana, in a speech in the senate on the tariff.

Declaring that the applicable list was being used as a basis for the tariff discussion in the belief that the rates contained in that section (Section 2) would be the rates of the Payne bill, Mr. Shively contended that the real rates to be in force after March 31, would be 25 per cent higher than those in the dutiable list. He said that the senate amendment expressly declared that the maximum rates would be "the general tariff of the United States."

"The rates prescribed in section 2 are to be actual and prevailing rates," said Mr. Shively. "The rates prescribed in section 1 are all made conditional and contingent, and could only become operative as rates chargeable against all dutiable imports when the president shall have performed the physically if not legally impossible function assigned to him by the provision in section 2."

He explained that the proviso makes the judgment of the president final as to what shall constitute undue discrimination and as to what shall constitute terms reciprocal and equivalent, and requires such mastery of facts as to render the task impossible of intelligent performance within the time of a presidential term.

Should the supreme court hold that the proviso putting in effect the minimum rates by presidential proclamation is an attempted delegation of legislative power to the executive in contravention of the constitution, said Mr. Shively, then the maximum rates would be the only rates to be levied and collected under the law.

"Should the court hold that the taint of invalidity on the proviso extends to the preceding lines as being dependent on and inseparable from the proviso then there would remain in the act no definition of what shall constitute the general tariff of the U. S.," continued Mr. Shively, "and recourse might well be claimed to the act of 1887 as the un-repealed and only existing tariff of the United States."

Should the courts hold the provisions constitutional, Mr. Shively declared that the maximum would remain in effect until the president shall have become satisfied as to a large series of things existing under foreign governments, and by proclamation from time to time make exceptions to the maximum rates and set in operation the minimum rates.

"He could not be enjoined to become satisfied, nor annulled to make proclamation if he were satisfied," Mr. Shively discussed the difficulties which would be met the president satisfying himself that a foreign country was entitled to the minimum rates.

"The concessions granted in the minimum tariff are to be regarded as framing up obligations against foreign countries which can only be canceled by what section 2 call 'treatment' which is reciprocal and equivalent," said Mr. Shively.

He then discussed the complications which he claimed would result from this action.

The proposed act," continued Mr. Shively, "would make the general tariff high in every schedule and on every dutiable article than in any tariff law in the country's history."

OVERLAND DEAL
CLOSED AT TOLEDO.

Cleveland, May 25.—The sale of the Pope Automobile Co.'s works at Toledo, to the Overland Automobile Co., of Indianapolis, was closed here today. The purchase price was \$400,000. The purchaser took possession at once.

CATS KILLED
FOR THEIR FUR.

Atlantic City, N. J., May 25.—Mystery surrounding the fitting personality of a veiled woman in black who was believed to be gathering in cats owned by wealthy residents who neglected them, for philanthropic treatment in a home, assumed a sensational phase, when owners of valuable cats which have disappeared were advised by detectives that the pets had been slain for their fur.

HEREAFTER

Teacher Will Wash Heavily Spots From Faces of Girl Pupils.

New York, May 25.—Miss Rachel Benjamin, principal of a branch of the Washington Irving high school, in West End avenue, has served notice on all her girl pupils that those who come to school hereafter with powder and "beauty spots" on their faces will be stood up before their classes and the powder and paint publicly washed off.

PRESIDENT TAFT
CENTRAL FIGURE.

Gettysburg, Pa., May 25.—Arrangements have been completed for the dedication on the battlefield here next Monday afternoon of the monument erected by act of congress to commemorate the service of the regular army of the United States in Gettysburg campaign of June and July, 1863.

President Taft will be the central figure in the ceremonies and will deliver the oration. Miss Helen H. Taft, the president's daughter, will unveil the monument. The president will arrive here Monday morning from Washington and will be met by a committee of prominent citizens and will be escorted from the station also by a regiment of United States soldiers.

ROCKFORD
MERCER IS DRY.

Collins, O., May 25.—Rockford, this county, voted dry under the Bond law yesterday by a majority of 44, the vote being 185 to 142. Almost every vote in the town was polled. The majority fell far short of expectations, as the town went dry by 133 in the county fight last fall. Four saloons will quit.

ACCIDENT TO
DENVER DOCTOR.

Cleveland, May 25.—Dr. Wales, Denver, Colo., sixty five years old, was hit by a street car here today and fell beneath a truck. Both legs were broken and he suffered internal injuries.

GRAND RAPIDS MICH.

Saloonkeepers Fearing the
Result of a Local Op-
tion ElectionANNOUNCE THAT
THEY'LL BE GOOD.Organize Lodge to Enforce
Law Against Members
Violating It.

Grand Rapids, Mich., May 25.—Harmony lodge, an organization of saloon keepers to which about 125 of the city's 180 saloon keepers belong, has adopted resolutions in the nature of an agreement to purge its own ranks of lawbreakers. The resolutions pledge any member to report to the lodge secretary any violation of the liquor laws by a member of the lodge. The offending member is to be given a warning, and if he is found guilty by the lodge, one of its members is to be chosen to prosecute him.

Prohibition under the local option law has already been adopted in 13 counties of Michigan, and it is expected the Anti-Saloon league will carry the campaign into this county in 1910 or 1911.

BAPTIST PASTOR
OFFERED BRIBE.

Youngstown, O., May 25.—The date selected for the county option election is June 9. The "wet" urged that Saturday, June 12, be the date, while the "drys" wanted June 14. Both sides declared themselves satisfied with June 9, if neither could have their own particular day named.

A sensation was created Sunday when Rev. E. E. Budanauer, pastor of the Mahoning Avenue Baptist church, declared in the pulpit that he had been offered \$400, which was to have been paid Monday, if he would keep out of the local option fight in this county.

He said that some one had learned that he had a debt of \$150 to meet, and they had tried to buy him.

WHEELED BARROW
THOUSAND MILES.

New York, May 25.—A man who said he was Joseph Schurmann, of Chicago, and a companion, George J. Hackett, of Buffalo, both of whom were weary and dust covered, appeared at the city hall today with a wheelbarrow which Schurmann said he had wheeled all the way from Chicago on a wagon. He had made the trip in 256 hours and Hackett was the last of four committeemen who started with him, he said. The wagon was for \$1,000, but he could not accomplish the feat within 300 hours. Schurmann had the signatures of some of the mayors and prominent citizens of the cities and towns which he had visited along the way.

PLASTERED ALL
OVER WITH MUD.

Agate, Colo., May 25.—Plastered with mud, Weston, the postman, plodded along today on the long slope that leads to the foot hills of the Rocky mountains. Weston expects to reach Denver, 56 miles away tomorrow morning.

DEFENDS VOTE

FIXING DUTY OF 25
CENTS A TON ON
IRON ORE.Senator Stone Praises Mr.
Bryan But Thinks
Him WrongIN HIS ATTITUDE
ON THAT SCHEDULESenate Will Complete Its
Work on Tariff Bill
by June 10.On Which Date it Will
Take Vote on the
Income Tax.

Washington, May 25.—A defense of his vote for a duty of 25 cents a ton on iron ore was made by Senator Stone soon after the senate met today. As a prelude to this statement Mr. Stone read from an interview with William J. Bryan declaring that the democratic senators who had voted for the tariff on iron ore made a mistake. After an elaborate enunciation of his affectionate regard and respect for Mr. Bryan, Mr. Stone insisted that in this case he believed the famous Nebraskan to be in error and proceeded to give the arguments which had influenced him in reaching the conclusion to vote for the duty on iron ore.

Washington, May 25.—Believing that the senate will have completed its work on the schedule in the tariff bill by June 10, the members of the committee on finance will agree to the taking of a vote on the income tax amendment on that day if Senator Bailey renews his motion that a time for voting be fixed. When this is done Senator Aldrich will try to obtain an agreement for a vote on the bill itself, but whether he succeeds or not the committee has determined that it will not further resist the vote on the income tax.

HER CONDITION
MUCH IMPROVED.

New York, May 25.—The condition of Miss Flora Eugene Schaefer, formerly of Cincinnati, the teacher in the teachers college of Columbia university, who was taken to a hospital last night in a critical condition as the result of inhaling illuminating gas, was very much improved today, and it was said at the hospital that she would recover. She was found unconscious yesterday in her room with the end of a gas tube in her mouth.

SHE IS LITTLE
BUT VERY MIGHTY.

Pittsburg, Pa., May 25.—Mrs. John R. Carlisle, who weighs about 30 pounds in her stockings, has been committed to jail under \$1,000 bail for felonious assault on her husband, who weighs 300 pounds, and is over 6 feet. It is alleged that the one bit of butcher knife Carlisle has 15 lbs. is to chip bits from her husband with his advanced age, he said, led to his attempt to kill himself.

STRIKE BROKE
HIM IN OLD AGE.

New York, May 25.—Henry Gauer, a hat manufacturer, shot himself in the head in a battery park last night and as the Hudson street hospital, where he was taken, it was not expected that he would recover. Gauer who was 70 years old and lived with his family in East Orange, N. J., had lost all his fortune in a recent hat-makers' strike and this fact, coupled with his advanced age, he said, led to his attempt to kill himself.

BRAKEMAN
Was On Duty When Death
Claimed His Wife.

Particularly sad was the death of Mrs. Sadie Sullivan, wife of Philip Sullivan at ten o'clock this morning. Mr. Sullivan is a brakeman on the C. & D., making the run between Cincinnati and Toledo and went through this city yesterday evening at five-thirty on a train going north.

His wife, who is the mother of a young babe, only three months old, had seemed to be greatly improved, and no thought of any fatality resulting in her death was thought of. However, a sudden complication arose during the night, and she lingered only a few hours before the end came. It was impossible to bring the husband here in time to see his wife alive but they were able to locate him so that he arrived at two o'clock this afternoon. Besides the tiny infant three other small children are left motherless, and kind neighbors and friends are at the home caring for the little ones and also for the dead.

The deceased was a Deshler girl, and was Miss Sadie Myrice before her marriage some years ago. She is a member of St. Rose parish and the funeral service will doubtless take place from St. Rose church though no arrangements will be made until the bereft husband is consulted.

WITH ONLY ONE HIT

(By R. V. Sawhill.)

A hard drive by Lee Fohl in the fifth inning, that went directly to the pitcher's box and reached Smith in center, was the extent of the damage done in yesterday's contest. The ball was hit hard and Freeman's side tracked it. If he had managed to get in front of it, without a hit, he would have gotten a hit. The ball was hit hard and Freeman's side tracked it. If he had managed to get in front of it, without a hit, he would have gotten a hit.

The support accorded Freeman was excellent. The Tigers showing that with the diamond in any kind of shape, that they are as good a fielding club as there is in the league. All of the seven men behind him showed good plays at times during the game, while Herzy was right there as usual on foul flies.

McINTOSH

Wants to Arrange Match for Australia.

Chicago, May 25.—James J. Jeffries has received a letter from Hugh McIntosh, the Australian fight promoter, who is in England, asking him to refrain from closing a match with Jack Johnson for the world's championship without first giving him an opportunity to bid for the fight.

WHITE SOX

And Lima Giants Scheduled Monday.

The White Sox and the Giants will meet on the College grounds here Monday, May 21st, at 3 p. m. Both teams have re-organized this season and secured the best available talent; the Giants securing a battery and second baseman from Van Wert. The Sox is composed of home talent and is a fast and well balanced team, and one it will be hard to put one over on. The Giants defeated the Travelers team here last Saturday, 8 to 7, and the Waynefield team on the latter's ground Sunday, 6 to 3, and feel confident they can land the Sox. This cannot be said, however, until after the game. The State team not being here on that day, it affords the fans a good opportunity to see a good game of which they should take advantage and encourage the boys.

Teddy in Jungland.

Royal Theater. Fun? I should say!

More Useful Man.

A ten-million-dollar prize for the man who can figure the sugar schedule so all the consumers can understand it would be better than a message to Mars at this time.—Washington Post

Measuring His Sorrow.

Patton says he is sorry that his wheat corner raised the price of bread for the poor, but up to date he has given no indication of starting a cut price bakery.—Washington Post.

NATIONAL

Rowing Tournament Opens in New York.

New York, May 25.—Teams of women and juvenile rowers occupied the afternoon at Madison Square Garden until this afternoon when the actual work of the annual tournament of the National Rowing Association was resumed. The games today were principally for two men teams. The majority of the competitors being members of clubs from Baltimore. In the first squad of two men teams Muller and Wolf, of New York, made the low score in three games, their score being 10:57. The next best scores were Newberg and Von Beckman, New York, 10:76; Lanquer and Schiller, Baltimore, 10:70.

DETROIT

Puts Rossman on Market Without Reservation.

Detroit, Mich., May 25.—President F. J. Navin, of the Detroit American League baseball club, this afternoon announced that First Baseman Claude Rossman is on the market and will be sold to any club who desires his services. Rossman's throwing in recent games has been poor and manager Jennings is reported to have become dissatisfied with his work.

GAMES POSTPONED.

Chicago, May 25.—American—Chicago-New York game postponed, rain.

SPORTING

Man, Nick Johnson, Commits Suicide.

Cincinnati, O., May 25.—N. S. Johnson, known in sporting circles over the country as "Dick" committed suicide at the home of his brother-in-law, E. L. Kilpatrick, in New York today by shooting himself in the head.

THE IDLER.

Our own Harry Chappelle and his company of stock players are putting on a mighty clever show at Hoyer Park.

Life is a gay lithograph or a faded old ten cent photo. It depends on whether you are just starting out or are there.

A majority of the marital engagements are made Sunday evening. It offers a change while we wait for Monday morning.

That man Dooliver would make a bang-up good elephant trainer.

A western theological seminary has elected a president for life. East Africa papers please copy.

Richmond, Indiana, had a clean up day last Friday and the result was that one thousand, one hundred and forty loads of dirt were breeding dirt.

We can't start a clean-up movement and fix the day when it is to be done. If you don't believe it take a trip through the alleys and into the back yards.

Mr. and Mrs. Ben. King, of Humboldt, Neb., are visiting Mrs. Minerva McPherson, of 409 South Pine street, whom Mr. King has not seen for 37 years. He left this state 38 years ago, and has returned for the first time since leaving for the west.

Pine street residents are complaining of the flat wheels on the street cars passing their homes. One gentleman is authority for the statement that the flat wheels make it impossible to keep dishes on the shelves.

Webster Huntington, wet to a superfluous degree, wants to be the democratic candidate for mayor of Columbus. He managed the liquor campaign in Clarke county, lost, and is now going to try a field that is not new to him.

Mars must be careful about what she says to Texas, or there will be some shooting going on.

The Chicago Tribune thinks Attorney General Wickham has made a bad start because a few days ago he split an infinitive.

The hundreds of good Eagles who are coming to Lima soon to attend the state convention, will have their eyes feasted on elaborate decorations, equal to those which caused so much favorable comment during the G. A. R. encampment in 1901.

Talk about parks! Lima is indeed fortunate. With the completion of the four on the Public Square we will have nine—McDonough park, Hoyer park, McBeth park, East End park, Fairport park, and the four on the Square, which have been practically named Ellerman park, Loewenstein park, Helster park and Cover park. Whoopie! Turn on the lights and the fountain!

Remarkable: The four days successful hiding of the convict Johnson in the Ohio penitentiary, has not been seized upon by the partisan press to prove the new management incompetent.

The Louisville Stone Company, owned by Lima gentlemen, were awarded two sections of pipe building by the commissioners of Paulding county yesterday, for \$29,248. Altogether 93 miles were awarded. At this rate the county of mud roads par excellence, will soon be up-to-date.

Elmer Dover appointed bank examiner for New York City. Appointment of Dover recalled. Story is Dover told somebody he got the appointment because he had a strong pull with the president. His experience and that of Gov. Stubbs will be a valuable lesson to republicans who are to be appointed in the future.

Some one jubilantly announces. "John D. Rockefeller has never written poetry, at least." True enough, but restrain your jubilation. One of these days when poetry is quoted on the exchange at \$37.15 a line you will find John D. in his office operating an electric typewriter and making \$95,000 an hour with one hand tied behind his back.

The giraffe is getting it just where a good many politicians of the elephant stripe, who are not in Africa—in the neck.

There will be no such things in this country as "infant industries" when congress gets through talking tariff.

WYETH'S SAGE AND SULPHUR HAIR RESTORER

Grew a Full Growth of Hair On a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have seen four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

STEPHEN BACON, Rochester, N. Y.

STATE OF NEW YORK: County of Monroe: I, Stephen Bacon, being duly sworn, depose that he has read the statement above annexed and that the contents of said statement are true.

STEPHEN BACON Sworn to before me this 31st day of July, 1902. HENRY W. HALL, Notary Public.

FOLLOW THESE RULES. LIVE 1,000 YEARS.

Dr. John Fair, head of Boto's newest cult, "The New Life," is certain that he has discovered the secret of how to laugh at old age and how to exist not only for a hundred, but for a thousand years without pain, evil, or sickness says a Boston writer.

He says 250,000 people have enlisted under his banner. Here are his rules for living to be one thousand years old.

"Dress always in white. White is the prime principle of life. I believe there should be a universal law making it a crime for any person to go attired in black or dark apparel."

"Do not think of death, do not believe in death."

"Live principally upon vegetables and nuts. Abjure meat, milk, oil and flesh of all kinds, as well as all stimulants."

"Sleep eight hours daily, exercise eight hours and work eight hours."

"A man's most critical hour in the day is the thirty minutes before and after meals. He should absolutely stop work a half hour before each meal and must not resume work until a half hour after each meal."

"Each person should be alone for a half hour each day, not necessarily to sleep but to get his mind in condition of natural repose."

"Sleep with your bedroom window open every night all your lifetime. Always have a draft in your room."

"A daily menu I would suggest would be as follows: Breakfast—Honey, toast, rarely coffee, and at long intervals an egg. Dinner—A bowl of soup made from nuts or celery or potatoes, preferably nuts; an apple or an orange with, for variety, lettuce or radishes; brown bread. Supper—Apple pie, fruit."

"I offer to every one who accepts my faith not a hundred or two hundred, but even a thousand more years of life if it is desired."

YOUNG FARMERS, GO EAST.

If the railroads running to the east had as much enterprise as those running to the west, there would be a drift of farmers from the high-priced lands of the west eastward, which would go far to equalize the value of lands of similar quality east and west. There are lands in some of the better portions of New York and the New England states corresponding in value to the farms in the west and with better improvements, that sell for little more than half the money.—Country Gentleman.

MORE DAYLIGHT.

Much can be said in favor of the proposition made by Commander Hayden, U. S. N., that government employes in Washington begin and end their work an hour earlier in summer than at other seasons, and thus secure a larger share of daylight for open-air diversions. With the object of facilitating and encouraging healthful recreation a bill has been introduced in the British parliament providing that all clocks shall be set ahead on fixed dates in the spring and on other fixed dates in the fall set back again. To that method of reaching the result there are objections, from most of which Commander Hayden's plan, which could be put into operation by an executive order, is free.—New York Tribune.

A new test for ascertaining the hardness of metals has been proposed by W. E. Baker, Inc. A disk of metal is attached to the lower side of a drop weight, which falls on the anvil. The anvil carries a pin on its upper side, which rests in contact with the piece of metal to be tested. The diminution in thickness of the disk is the measure of hardness.

Those who thought that Collect. Loeb would not be a good administrative officer, having heretofore only been a court stenographer and a private secretary to Governor Roosevelt and to President Roosevelt, unreasonably forgot the administrative duties which devolved upon Mr. Loeb in his former relation. It is an able administrator and a thoroughly a master of action as he has long been a marvel of silence.—Brooklyn Eagle.

A word for Loeb. Those who thought that Collect. THE TIMES-DEMOCRAT.

PUBLISHED BY
THE TIMES-DEMOCRAT
PUBLISHING COMPANY,
129 West High street.

Entered at the Postoffice at Lima,
Ohio as Second Class Matter.

Telephones 84.
THE DAILY TIMES-DEMOCRAT is
issued every evening except Sun-
day, and will be delivered by car-
riers at any address in the city at
the rate of 10 cents per week.

THE SEMI-WEEKLY TIMES-DEMOCRAT issued Tuesday and Fri-
day, will be mailed to any address
at the rate of \$1 per year, payable
in advance. The Semi-Weekly is
a seven column, eight page paper,
the largest and best newspaper in
Allen County.

Any subscriber ordering the ad-
dress of the paper changed must al-
ways give the former as well as pre-
sent address.

TERMS OF SUBSCRIPTION:
Daily edition, one year\$5.00
Daily edition, six months\$2.50
Daily edition, three months\$1.25
Daily edition, one week\$.10
Semi-Weekly edition, 1 year.....\$1.00

Official paper of the City of Lima and
County of Allen.

Persons desiring the Times-Demo-
crat delivered to their homes may
secure the same by postal card ad-
dress or by order through telephone
No. 84.

THE WEATHER.

Washington, D. C., May 25.—For
Ohio—Showers tonight and Wednes-
day.

Roosevelt showed his respect for
Sunday by going out into the jungle
to shoot a rhinoceros. He shot
seven times to kill a female rhino-
ceros. This is the same Roosevelt
who had so much to say to mothers
about race suicide. Take the two
ideas in one dose.

TAXES AND REFORM.

Here are a few paragraphs from
an article published in a republican
paper:

"Why is it that 'tax reform' al-
ways means taxes are to be increas-
ed? Why don't tax reformers de-
crease taxes? Or why do they not
devise ways or means to make ex-
penditures fall within the revenues?"

Also: "And of course tax reform,
with Governor Harmon means tax in-
crease. He has not yet made up his
mind just where he will recommend
increasing taxes, but if he reforms
taxes he will have to increase them—
so he will think."

And this: "During the recent mem-
orable campaign Governor Harmon
grabbed republicans by the throat,
defiantly charged them with extra-
vagance and boldly proclaimed that
the state was spending too much
money. Candidate Harmon did not
believe in the state spending money.
Governor Harmon wants the state to
be given more money for 'him to
spend.'"

And finally: "Real tax reform, if
it would seem, would consist of re-
trenchment in the expenditures of
public funds. Any official or party
that makes retrenchment a campaign
issue will win the election. Retrench-
ment would be real tax reform."

These are but sample from the
columns of a republican paper which
indicate what we may expect in the
campaign next year, a confusion of
the republican attitude of the re-
publican legislature, and an attempt
to transfer the odium from the re-
publican majority in the legislature
to the governor's administration to
fool the people if possible with the
deception.

To answer the foregoing quota-
tions according to the facts it will be
necessary to take them separately.

Tax reform is not a new topic in
Ohio. A republican paper does not
speak of tax reform, but it speaks of
tax reform. It speaks of tax reform
because it knows that tax reform
means that taxes are to be increased.
The republican paper does not de-
crease taxes, but it means to make ex-
penditures fall within the revenues.

Except the brief interval of six
months (January to June, 1932) the
state of Ohio had only republican
administrations from 1852 to 1909,
a period of 57 years.

There has been almost constant
agitation all this time for tax reform
proposed constitutional amendments
relating to taxation have been repeat-
edly submitted to a vote of the peo-
ple and rejected; why didn't the tax
reformers do something better to
the people, something that
would be acceptable?

Only last year two proposed tax-
ation amendments were rejected at
the polls at the same time Acting
Governor Harris was rejected by the
voters of Ohio.

So insistent was the demand for
tax reform years ago that Governor
McKinley appointed a special tax
commission to investigate and re-

AGED ELIDA WOMAN

**Died This Morning From
Long Continued Trouble
With Dropsy.**

**FOUR CHILDREN
SURVIVE MOTHER**

**Whose Remains Will Be Con-
signed to Rest Thurs-
day Morning.**

Elida lost one of her most estimable residents and Allen county one of her oldest pioneer women when Mrs. Rebecca Miller passed away this morning at twelve ten, after years of ill health.

Mrs. Miller has been one of the prominent characters of Elida for thirty years past. She was known to every one, and highly respected in the community. Her husband, Charles Miller, died some ten years ago and for a long time the deceased has made her home with her son, Amos Miller.

Mrs. Miller has been a sufferer from an aggravated case of dropsy for several years and three weeks ago the disease took a turn for the worse, resulting in her death today.

Born in 1822, Mrs. Miller lived her childhood and early girlhood in York county Pennsylvania, but practically all her later life has been spent in Allen county where she has grown old with the country.

The funeral service will take place at the M. E. church at Elida, and Rev. Baker will conduct them. Arrangements have been made to hold these last rites on Thursday morning at ten o'clock and burial will be made at Greenlawn.

Four children survive their mother: Amos at whose home she died; Winfield, and Mrs. Ben Miller, also of Elida; and Enos, of Ada, Ohio, while there are a number of grand-children and near relatives.

SOME SPARKLERS.

The Cause of Death.
While the London Lancet goes right on discovering methods by which the prevalent microbes are to destroy the race, people continue to die from old age and reckless chauf-feurs.—Philadelphia Ledger.

An Old Judgment.
This crusade against the house fly, however, is nothing new. Forty or fifty years ago Josh Billings de-clared specifically and emphatically: "I hate a fly. Darn a fly."—Chicago Tribune.

Where the Outrage Comes In.
The outrage to the average person about being run over by an automobile is that he wasn't in the machine doing it to the man who did it to him.—New York Press.

Money in the Chicken Business.
A picture entitled "Feeding Chickens," scarcely two-thirds of a square foot in size, has brought \$15,750 in London. There is certainly big money in the poultry business if you know how to handle the by-products.—Brooklyn Eagle.

Fancy.
Bathing dresses, we are told, are now being made from blotting paper. The advantage of such costumes consists, we understand, in the fact that as soon as you get out of your depth, the blotting paper sucks up the water.—Punch.

Not a Remedy.
An up-state musician claims he can kill mosquitoes with false har-mony on a violin. We doubt it. If cacophony was deadly there would not be a mosquito left in the world by this time. Try again.—Philadelphia Inquirer.

The Tariff Twins.
The oldest twins in the United States have just celebrated their birthday. The Tariff twins, Maxi and Mini, however, still occupy the center of the stage.—Washington Post.

A Defense.
Even when President Taft is playing golf he is earning his office stipend quite as well as the United States senate has been earning its collective salary lately.—Chicago Tribune.

Diaz One Point Ahead.
President Diaz has as good a cinch on the nomination in Mexico as Col. Bryan in the United States, and a much stronger one on the election.—St. Louis Globe-Democrat.

BREATHING ROOM.

The great atmosphere ocean presses around us everywhere; but at the bottom the currents are often sluggish, and in the area of great cities where the life-swarms in the gaseous ocean are dense the mass of the life fluid may easily become poisoned with gases. Every open space in the densely settled sections of great cities adds to the breathing room and so to the general whole-ness.

Parks and open squares are the lungs of a big city. They are not only places of resort that offer a gratifying chance, but they actually assist the movement of an current of the streets and alleys. The multi-plication of children's play grounds in large cities during recent years has resulted in immensely promot-ing the open-air habits of the grow-ing generation. We are at last get-ting away from the theories handed down to us from our remote ances-tors—the cave dwellers. We are the ancestors that antedated the cave power that comes from living in the open air. In the summer time es-pecially we need plenty of breathing space, and we should not be con-sidered squeamish about letting the sun shine directly down on us now and then.—Baltimore American.

A Jolly Ever.
The vociferous Mrs. Boyce's idea of attempting suicide the night be-fore last about it in the morning indicated that there was more liberalism about her than the name she is alleged to have secured by marriage.—Pittsburg Glouch.

ENTHUSIASTIC GATHERING HAS ASSEMBLED AT TRINITY

**From All Northwestern Ohio
Delegates Have Con-
vened Today.**

**MEETING WILL
LAST THREE DAYS**

**And Several Speakers of
Note Are to be Found
on the Program.**

There hasn't been any blare of trumpets, any posting of six foot flaming bills announcing their com-ing or in fact any advertising done at all in regard to the gathering of sweet-faced, earnest women who are gathering today at Trinity church for a three days session within its walls.

This is the annual meeting of the Women's Home Missionary Societies of the Northwestern Ohio Methodist Episcopal Conference. Everyone is conversant with the width and scope of the conference of Northwestern Ohio, and in every church within its bounds are to be found a little band of women workers, who, despite cur-rent rumor to the contrary, say little and do much. In nine cases out of ten it is the women's societies that start the ball rolling if there is a new stove or a new furnace needed to keep the congregation comfortable in the winter time. The same efficient band of helpers step in to the breach when the house of worship needs a new coat of paint and the men have ambition to raise the funds to make it possible. They buy lots, and the majority of cases are the prime movers toward the erection of the prettiest churches in the country.

Those are the kind of women Lima is entertaining today and will entertain tomorrow and next day. Not a dozen or a score of them, but over two hundred when all arrive. Already more than one hundred have registered, and they are still coming by every steam and traction car that enters. They are women who think and women who work. Mothers, many of them, they lend a hand toward the uplift of some other mother or mother's sons and daughters. Their motto "For the Love of Christ and In His Name" speaks more forcibly than any other of the work of the Women's Home Missionary Society, of this church, and of every other church.

Mrs. C. C. Miller, as president of the local society, had the oversight of the preparations for the visitors but she had a number of committees composed of the workers of the society who ably assisted in every way.

Mrs. O. F. Ramseyer acted as chairman of the reception committee and every corner was given one of the dainty white silken badges, lettered with name and date. In the dining room and kitchen of the church others were busied through the hours of the morning preparing the appetizing dinner that was served the delegates at the noon hour. The tables were beautifully decorated with spring flowers and younger girls and women served their guests with quick, deft fingers. Supper this evening and both dinner and supper tomorrow will also be given the delegates and the committee in the culinary department is one that will de-serve a big vote of thanks.

The opening conference this morning was largely an informal resume of the work among the young people and children. The president, Mrs. H. C. Goode, of Sidney, presided, and Mrs. D. M. Bailey, of Ottawa, was in her place as secretary. The leaders in the work in the different cities, reported their methods, their success, and their plans for the future, and the difference in many of these were valuable assets to the listeners who assimilated new theories and plans from those who have made the study a thorough one. The Queen Esther Circle of young girls, the Guides and Jewels of the children bands were all touched upon. Mrs. Daniel Stecker, of Spencerville, secretary of the young people's work, led the conference and was assisted by Mrs. Carl Yoder, of Mt. Victory, secretary of the Children's Work.

Mrs. Winold, who is connected with the Methodist Book Concern at Cincinnati, closed the round table with a clever talk, which was practical in every line. Mrs. Winold will also talk tonight, substituting for Miss Elizabeth Evans, who will not be present.

A very impressive communion service opened the afternoon program and this was followed by greetings from the two missionary societies of Trinity. Mrs. D. J. Cable, president of the Foreign workers, made a pretty talk, and Mrs. A. S. Rudy, representing the entertaining society, gave the visitors the warmest and most earnest welcome. Mrs. J. C. Poling, of Kenton, made a very graceful response.

Organization with reports follow-ing consumed the greater part of the afternoon and at its close Mrs. Goode minutes presented. These are:

Committee on Courtesy—Mrs. D. Bowers, Mrs. C. C. Miller, both of this city.

Committee on Place of Meeting—Mrs. Hershberger, DeBarre; Mrs. Philpott, Grand Rapids; Mrs. Karg, Findlay.

Auditing Committee—Mrs. Davis, Toledo; Miss Morrison, Kenton; Mrs. Hutter, Beaverdam.

Committee on Resolutions—Mrs. Haverkamp, Bellefontaine; Mrs. McCabe, Sidney; Mrs. Neville, Toledo.

The conference again convenes at seven thirty and it is expected that the largest crowd of the day will gather at that hour.

All the delegates are expected to be here by that time, and in addition visitors from sister churches will al-so attend to learn from the speakers of the evening.

ORPHANUM THEATRE.

After witnessing the large crowds which assembled at both perform-ances at this vaudeville yesterday, one readily understands that a big bill is on. Their realization is right for every act is excellent in its own line.

The Trolley Car Trio head the bill with an acrobatic trick course act which is good from start to finish. The comedy part in this is represented by a man in monkey costume and the whole act is a laugh.

Edith Barton then appears in a novelty singing and pleases her audiences with clever songs and imitations.

The next act is a Western Playlet entitled "His Little Mate," acted by Jesse Hale & Co. The little girl de-serves the title of the play and her acting is very unusual and clever for one so young. The whole story is beautiful and interesting although the ending is perhaps a sad disap-pointment to everyone.

Marie Laurens, as singing comedienne, delights her audience with her beautiful soprano voice which she presents in difficult classical songs. Her monologue as she was at the age of six is exceptionally amusing and she receives the heartiest encores by all.

While all preceding acts are un-usually good the great feature is the last one in which Sammy Watson & Co. present the "Barn Yard Circus." Mr. Watson is alone a comedian but notwithstanding this he also has with him a donkey, five beautiful dogs, a cat, sheep, geese, chickens and a pig. Every animal is trained to a perfection role and one scarcely realizes the wonderful part of this act on account of the combined com-edy.

Trained animals have been seen here many times since the little theatre started, but never before has an act of such a nature been capable of equalling the one of this week.

The motion pictures are very good one showing the quick actions of a huntswoman in saving the life of another, while the other one relates the trials of a loving couple on their journey to Australia.

CARRYING WEAPONS

Charge Filed Against Dr. U. S. Beam by Sheriff Van Gunten.

**WARRANT ISSUED
THIS AFTERNOON.**

**Failed to Carry Out Promise
Made to Colored
Citizens.**

Sheriff Vangunten swore out a warrant for the arrest of Dr. U. S. Beam, in Everett's court Tuesday afternoon on the charge of carrying concealed weapons. When the sheriff was searching the office of prisoner John W. Beam, Monday morning, the brother, Dr. Beam, came into the office and after inquiring what the procedure meant, made a move to draw a gun. The sheriff covered him quickly with his automatic and took the weapon away from him.

The doctor agreed with a commit-tee representing the Colored Peo-ple's Protective Association that he would close his office and leave the city, Monday afternoon, but he failed to keep his agreement, and after a few hours absence returned. Upon the statement that he was to leave the city Sheriff Vangunten did not take action in the above matter, but immediately upon learning of his presence Tuesday, he filed the af-fidavit, and the warrant was placed in the hands of Deputy Baxter to make the arrest.

Beam was arrested at three o'clock this afternoon and taken before Judge Everett, where he entered a plea of guilty and was fined \$5 and costs.

Manzan Pile Remedy is put up in a tube with nozzle attached. May be applied directly to the affected parts. Guaranteed. Price 50c. Sold at all Cross Drug Stores.

PERSONALS.

Miss Marie Bowdle, of Piqua, was the guest of Miss Nann Golley over Sunday.

Mr. and Mrs. W. C. Arnold, of Second street, have returned from Dayton, where they visited relatives.

Mr. and Mrs. George Metzger, of east Albert street, are spending the week in Huntsville, Ohio. Mr. Metzger is a member of the central fire department, and this is his vacation time.

Mrs. Bertha Pool, Mrs. J. C. Stratton and Miss Grace Stratton of this city, were guests at the home of Mr. and Mrs. Oden Johnson, of Bellefontaine, where they attended a celebra-tion of the birthday of Mrs. John-son.

Mr. and Mrs. P. E. Hovis and Mrs. A. W. Nickle, of Robinson, Ill., the sons of the Hovis family, and Mr. and Mrs. Harry Hall, of Findlay, were guests of friends here on Sun-day, making the trip in the Hall auto.

Mr. and Mrs. Benjamin Schmidt, of Wapakoneta, were Sunday visitors of Lima friends.

Miss Laura Fulton, of the High school corps, was a visitor at the Wilder home at Piqua, on Sunday. A number of Miss Fulton's classmates at Wooner were also house guests of the Wilders.

Dr. Lehr, of Ada, O., spent Sun-day here as the guest of G. V. Guy-ton.

WOMEN OF THE EAST.

A man who started out a year ago to amass a fortune raising chickens writes us that he has decided not to go into something safe and conserva-tive, like buying Amalgamated Cop-per on a ten-point margin.—Ohio State Journal.

Later advices from Washington in-dicate that a compromise is to be reached. The consumers are to be trimmed to fit the tariff.—Indianapolis News.

Fashion may be ruining women's figures, as Sclupator Caines says, but when in the history of civilization have any woman walk off with 30 pounds on her head and not even consider it exercise?—St. Louis Post-Dispatch.

"There is still a chance for some women to come out with something original in the way of a spring hat," remarked the man on the car this morning. "I've yet to see one trimmed with rhubarb pie!"—Toledo Blade.

A French court has decided that Anna Gould is to keep the children. But the question that is worrying Boni is: who is to keep their father?—Philadelphia North American.

We gather from the illustrations in the consular reports that the la-dies' tailoring industry is not very prosperous here. Cf. Roosevelt is.—Ohio State Journal.

THE MARKETS.

New York, May 25.—The opening of stock market today showed no distinct tone. Gains and losses of 1/4 to 3/4 were almost universal and quite evenly divided. Dealings were small.

New York Produce.
New York, May 25.—Butter market steady, unchanged.
Cheese—Market steady; receipts 23,416 pounds. York state, Penn-sylvania and nearby factory selected, white, 25 1/2 to 26 1/2; do fair to choice, 25 1/2 to 25 3/4; brown and mixed, fancy, 24 1/2 to 25 1/2; do fair to choice, 23 1/2 to 25 1/2.

Up Another Notch.
Chicago, May 25.—Wheat for May delivery advanced to a new high mark of the season. The advance was due to covering by belated shorts. The market in general, how-ever, showed an opposite tendency and opening quotations on the more distant months were a shade to 1/2 below yesterday's closing figures.

The market was bearishly affected by more favorable weather reports, both in this country and Europe. The foreign crop summary reported general rains throughout the south-stricken regions in southern Russia, and heavy rains were reported in Kansas and Oklahoma. A decline of 1/2 pence at Liverpool also prompted some selling. July, which opened at \$1.18 1/2 to \$1.18 3/4, advanced to \$1.19, but dropped back again early in the day to \$1.18 1/2.

During the early trading the May delivery, which opened at \$1.34 1/2, the opening range of \$1.34 1/2 to \$1.35 1/2.

Corn opened weak but soon be-came strong on active covering by shorts, all deliveries advancing to new high marks for the season.

May, which opened 1/2 cent lower at 74 1/2; advanced to 74 1/2, and July, after opening a shade higher to 76 1/2, lower at 76 1/2 to 76 3/4, sold up to 76 3/4.

Cats at the start were 1/2 cent higher to 1/2 cent lower.

Provisions opened unchanged to 1/2 cent higher.

Wool Keeps Advancing.
Boston, May 25.—Prices in the lo-cal wool market continue to advance while the new clip is arriving from the west in heavy lots. Sales are go-ing on briskly, manufacturers being in the market in large numbers, and making demands for all grades.

The more eastern stock is begin-nings to show up but not in large quantities. With the arrival next month of the Ohio and Pennsylvania clip the high water mark of the season in trading is expected to be reached.

Cleveland Produce.
Cleveland, O., May 25.—Butter, creamery, extras 27 1/2 to 27 3/4; firsts 25 1/2 to 26; seconds 22 1/2 to 23; prints 28 1/2 to 29; process 22 1/2 to 23; dairy 18 1/2 to 19; packing stock 16 1/2 to 17.

Cheese, York state cream, fancy 14 1/2 to 15; choice 13 1/2 to 14; do Orleans 14 1/2 to 14 3/4; swiss No. 1, 12 1/2 to 13; No. 2, 13 1/2 to 14; Bricks 16 1/2 to 17; hamburger 15 1/2 to 17.

Eggs, current receipts 21 1/2; prime firsts 22; 22 1/2.

Chickens, spring broilers 1 1/2 to 2 lbs. 28 to 32.

Potatoes, white, choice to fancy 1 1/2; Florida rose \$5.00 to \$5.50 per bin; Alabama triumphs \$1.50 to 1.60 per bushel.

Live Stock Markets.
Cincinnati, May 25.—Cattle, re-cipients 22 1/2; steady fair to good ship-pers \$5.00 to 6.50, common 2.50 to 4.25.

Hogs, receipts 1,802; active 10 higher; butchers and shippers 7.75 to 7.80; common \$5.50 to 6.35. Sheep, receipts 993; active and strong \$2.25 to 5.25.

The funeral services over the remains of Mrs. Estella Maud Dilts will take place on Wednesday afternoon the funeral party leaving here at the one o'clock car for Waynesburg where the services will follow the church of God in that village. Burial will be made in the cemetery at Willow Branch.

FINDLAY BOYS Dreamed Wonderful Pipe Dreams.

The members of the Findlay High school team and their adherents who were here on last Friday for the ball game between Lima High and Findlay seemed to have indulged in some amazing pipe dreams after they reached home if the press accounts from that city are to be believed. They report a fusillade of rotten eggs, stones, lemons, etc. which would credit to the citizens of some out of the way corner of the wild west. That the Lima team and the Lima boosters were angered by the decisions of Coach Vanghy of the Findlay team is perfectly true and much as they were made with little regard to the regular rules. The only excuse done with verbal and physical threats they were purely from this and the Findlay boosters a badly misrepresenting things perhaps because they have a sneaking feeling that the umpire's decisions were unjust as their opponents declared at the time.

Hoarseness, bronchitis and other throat troubles are quickly cured by Foley's Honey and Tar as is toothache and the inflamed throat and bronchial tubes and the most obstinate cough disappear. Insist upon having the genuine Foley's Honey and Tar. Enterprise Drug Store, M. M. Keltner, Prop.

RESOLUTIONS
 Passed by the Brotherhood of Railway Carmen of America on the death of Bro. J. J. Kennington.

In our sorrow for our deceased brother the following resolutions are adopted and reported:
 Whereas our Heavenly Father had taken from our midst Bro. J. J. Kennington, a true and loyal brother, a man of a noble and upright character and a kind and loving husband and father, one who with God's help it would be a pleasure to take as an example in life, suffering and death and a source of expressing our affection and earnest sympathy to his household therefore be it

Resolved That in our sorrow for so noble and valiant a brother, we will find consolation in our belief that Eternal Life and Happiness must be his for his unselfishness and purity of life.
 Resolved That we tenderly condole with his sorrowing family in their trial and affliction and commend them to Him who suffered upon Calvary and like Him will bow our heads in humble submission and say to our Almighty Father: Thy will be done.

Resolved That these resolutions shall be duly entered upon the records of this brotherhood and that a copy shall be sent to the bereaved family.

HILFORD IN DAYTON After Thrilling Experience With Coterie of B. & O. Hoboes.

THROWN UNDER MOVING TRAIN
Where He Lost Two More Fingers From Only Hand Left.

The fates seem determined to hand out misfortunes to Ray Hilford until he has no hands to receive them. Four years ago Hilford went west with his wife to enter a piece of land and engage in farming. His dreams did not prove genuine, and he abandoned his plans, sending his wife home with the money he had left, and starting himself to beat it through. At a town in Kansas he was running to catch a freight when he fell. His left arm was rushed, and later amputated above the wrist.

He finally reached Lima, and for some time was night watchman in the C. & D. shops, during which he gained notoriety through an encounter with brass thieves.

Three months ago accompanied by his wife, son, and an uncle, Hilford went to Oklahoma city to seek fortune, but things went badly with him even to a disagreement with his wife, and he decided once more that Ohio was the best place of all. Again he sought to "beat his way back" and all went well until within two miles of Deshler, when his hobo companions in a freight car on the B. & O. having discovered through an inadvertent remark that he had money, beat him up, took his last \$1, and threw him out of the moving car. Hilford, in trying to save himself, got his right hand under the wheel and lost two more fingers.

He walked into Deshler, where the company's physician, after cursing him roundly for his nightly disturbances, dressed the injured hand, after which Hilford came on the trucks to Lima. Here the C. & D. night men took up a collection sufficient to send him to Dayton, where he now is with his sister, Mrs. Wm. Hayes.

If you want to feel well, look well and be well, take Foley's Kidney Remedy. It tones up the kidneys and bladder, purifies the blood and restores health and strength. Pleasant to take and contains no harmful drugs. Why not commence today? Enterprise Drug Store, M. M. Keltner, Prop.

MEN OF RECOGNIZED

Ability in the Mechanical World to Gather in Lima.

ANNUAL MEETING OF OHIO SOCIETY

Of Mechanical, Electrical and Steam Engineers, November 19-20.

The convention of the Ohio Society of Mechanical Electrical and Steam Engineers, which is to be held in this city the 19th and 20th of November, will be composed of men of recognized ability in the mechanical world, and professors from the different technical colleges, and the organization has a membership in every state in the union.

The securing of the convention to Lima is due to Mr. H. A. Cole, president of the Gas Power Producing Co., and he only succeeded after a hard contest with Cleveland. Mr. Cole was assisted in his ambition by the Progressive Association, and by the different manufacturers of the city who armed him with cordial invitations.

Columbus and Springfield were applicants but had little show of landing the convention, Toledo, Akron, Alliance and Cincinnati raising their voices for Lima.

The organization meets twice a year, the November meeting being the annual meeting at which the officers of the organization are elected for one year.

These conventions attract the brainiest mechanical men of the country who meet for general counsel and discussion. During the November meeting lectures will be delivered by professors from Ohio State University, and Case School of Applied Science, Cleveland.

CASE IS DISMISSED

Against Dan Burke Who Was Charged With Petit Larceny.

HEAVY SENTENCE HANDED BEGGAR.

Woman Fined and Given a Lecture for Drunkenness and Profanity.

The case of the State of Ohio against Dan Burke was tried in mayor's court Tuesday morning. Burke was charged with stealing \$20, the property of V. R. Dray, a lad from Ada, O. It is charged that Dray went into the Hileman clothing store and purchased a suit of clothes, and went into the dressing room to try on the suit, and that as he stepped out of the dressing room to a mirror, that Burke took \$20 from his clothes. The evidence failed to prove the charges and the case was dismissed.

Edward Kelly was arrested Monday afternoon on the charge of begging on the streets of the city, and when arraigned Tuesday morning, entered a plea of guilty. The mayor sentenced him to 30 days in the Toledo workhouse.

Two Drunks
 Sarah Ward was arrested in the rear of the Donze block at seven o'clock Monday evening on the charge of drunkenness, and when brought to the station, she used the most profanity that has been heard in that section of the city for many months. The mayor assessed her a fine and costs and stated that if she were arrested again the sentence would be to the workhouse.

J. H. Berry was assessed \$1 and costs for drunkenness.

Amos Hessler was arraigned on the charge of disorderly conduct and entered a plea of guilty. The court reserved his decision. Hessler is charged with calling at the home of his sister and raising a disturbance.

John Cummins and Ike Wholesale, charged with vagrancy were given sixty minutes to leave the city.

Martin McGraw and Tom Kelly were arrested Tuesday morning at 8 o'clock in the alley at the Majestic building for drinking beer out of a can in public. The defendants were given a good lecture and released.

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. Enterprise Drug Store, M. M. Keltner, Prop.

AT CHURCH OF CHRIST On South Side Johnson Funeral Will be Held.

Members of Mart Armstrong, Post will take part in the last rites over the remains of their old comrade, Albert L. Johnson. The services have been arranged for Wednesday afternoon at two o'clock and the sermon will be preached at the South Side Church of Christ by the pastor, Rev. H. Vail Wilson.

THE STAGE.

Nancy and Jack.
 It was necessary to open the doors of the Fauntot nearly an hour earlier than usual this afternoon to accommodate the crowd that assembled to see Nancy and Jack in "The Opium Fiend's Daughter," and late-comers had to take seats in the rear of the balcony. The play repeated the success it achieved on its former presentations. Tonight the company will appear in another great success "A Pal of Mine." Tomorrow afternoon and evening the play will be "In the Bishop's Carriage."

Rose Melville in "Sis Hopkins."
 This is the tenth season which Miss Rose Melville has been playing "Sis Hopkins," that delightful play of rural Indiana life which comes to the Fauntot on Thursday night. "Sis Hopkins" is a play which by reason of its exquisite sentiment and clean comedy has won a place in the hearts of theater-goers which bids fair to remain uncontested for years to come. The story of the life and love of this old little country girl is one of the surpassing sweetness and the sentiment is of that type which appeals to the heart and leaves pleasant memories. The play has been newly staged and Miss Melville's manager, Mr. I. R. Stirling, has engaged a company of rare excellence for the support of the star. The seat sale opens tomorrow morning.

POSTOFFICE Clerks of Ohio to Meet in Convention.

By far the most important matter to come up for consideration at the annual convention of the Ohio Association of the United National Association of Postoffice Clerks, to be held in Cincinnati next Monday, will be with reference to the question of pensioning superannuated clerks. The matters of the uniform, eight-hour day and the thirty-day yearly vacation have heretofore been indorsed by the national organization and are already up for consideration by the post office department.

SCHOOL BOARD

MET IN REGULAR SESSION MONDAY EVENING.

Schools Will be Closed for Celebration of Memorial Day.

AMOUNT OF TAX LEVY UNCHANGED.

Janitors Appointed for the Various Buildings of the City.

Addition to the McKinley Building Taken Into Consideration.

With members Pence, Creps, Stolzenbach, Herrett, McClain and Dean present, the board of education met in regular session Monday evening at 8:30 o'clock.

The minutes of the last meeting were read and approved. Superintendent Davison submitted his report as follows, which was accepted:

Superintendent's Report, May 24, 1909—City Examination.
The city teachers' examination was held May 1st, 1909, as advertised. There were seventy-seven applicants, seventy-three of whom received certificates. The regular fees collected amounting to \$25.50, are returned herewith to the clerk of the board of education, as usual.

Commencement Exercises.
The Faurot Opera House has been secured for the grammar school promotion exercises and for the High School commencement. The grammar school promotion exercises will be held on the morning of June 10th, and the High School commencement on the evening of June 11th. The class address will be delivered by Dr. Henry W. Hunt, president of Denison university.

Signing of Diplomas.
Authority should be granted by the board at this time for the president and clerk of the board, the superintendent of schools, and the principal of the High School, to sign the diplomas and final certificates of all who graduate from the High School this year. Their names will be reported later that they may be recorded permanently upon the minutes of the board.

The Oratorical Contest.
This year instead of attending the general oratorical contest of Northwestern Ohio, it was deemed best to hold a contest between the junior and senior classes of the High School here. The contest was accordingly held last Friday night, and every speech delivered was excellent both in thought and delivery. The first prize was awarded to Haines Ketchel, the second to Mary McCray, and the third to Arthur Hoover.

May 31st a Holiday.
I understand that May 31st is the legal holiday set apart as Decoration day in Ohio this year. I therefore deem it proper to recommend that the schools be closed upon that day, as is the universal custom throughout the state if it meets with the board's approval.

JOHN DAVISON, Superintendent of Schools.

BEAM WAIVED EXAMINATION, BOUND OVER TO GRAND JURY.

Removed from City Hospital to County Jail Monday Evening.

WAS RESTLESS DURING NIGHT.

Little Territory Covered by Prisoner During Sunday Night.

An affidavit was filed in mayor's court Tuesday morning charging John W. Beam with murder in the first degree; that the act was committed purposely and of premeditated malice. In company with his attorney Russell L. Armstrong and Sheriff Vangunten, Mayor Becker visited the county jail Tuesday morning, and the prisoner waived the reading of the indictment and also examination, and was accordingly bound over to the common pleas court.

The grand jury will meet Tuesday, June 1, in adjourned session, when the case will be investigated. It was anticipated that there would be little work for the grand jury in their adjourned session, but recent developments, together with this case, will probably keep them busy for several days.

Beam was removed from the city hospital at six o'clock last evening to the county jail, his condition being such that it was considered proper that he be held in custody. The self-inflicted wound appears not to be serious, and it is the opinion of those surrounding him that he is not in as bad condition as he pretends.

When questioned Tuesday morning, he stated that he did not rest well during the night, but his nervous condition would have caused him loss of sleep.

In talking with the officers, Beam stated that the wound on his left hand was caused by the bullet from his revolver when he attempted suicide, as he held the barrel of the revolver to his breast.

He claims that during Sunday night, he was not farther south than the Central avenue bridge, not west of Main street and not north of the Pennsylvania tracks.

The wife of the prisoner has requested the privilege of visiting him this afternoon, and with the consent of the physicians, the sheriff granted the request.

An Incident.
Mr. J. M. Alexander, of 405 east High street, was aroused by the shots Sunday evening, and turned the light low in his room on the second floor of his home, and as he glanced out of the window, he saw a man stop in front of the house and re-load a revolver. The shadow of the trees prevented his getting a very good view of the fellow, but he describes him as a man of Beam's build.

Dulls the scythe of Father Time.
The electric spark goes through every part of your body, bringing new life and hope. Hollister's Rocky Mountain Tea brings back that feeling of by-gone days. 35 cents, tea or tablets. H. F. Vorkamp, druggist.

JOSEPH GECH

Was at One Time Employed by Lima Company.

Joseph Gech died yesterday at his home at Delphos, after a long illness with cancer of the stomach. Mr. Gech was a native of Aigsburg, Bavaria, Germany, and was 54 years of age when he died.

For several years the deceased was a truckmaker at the Lima Locomotive and Machine works. He then removed to Delphos, where he has had charge of a bakery, being assisted in the work by his sons, who have had full charge since the serious illness of their father.

Mr. Gech had been a resident of America since he was 20 years old, and has followed his regular vocation of baker in many of the large cities of the country.

IN POSITIVE TERMS.

Elsewhere in this issue we take pleasure in publishing the resolutions passed by the Patrons' Union, calling attention to the continued and growing abuses of the liquor traffic in this city. The resolutions speak in positive terms, and coming from men who are earnestly and devotedly working for the upbuilding of morality in the people, they will have, and should have, a powerful effect in righting a tremendous evil.

That portion of the resolutions calling the attention of the Business Men's Association to its failure to make good its pledges of the day after the local option election is especially pertinent in view of the deplorable happenings since that date.

Crime, directly traceable to liquor, and a steady increase in the number of saloons, indicate that either the Association with its promised ten thousand dollar fund is very powerless against the combined influence of the liquor interest, or it has no desire to fulfill its pledge.

BRONCHITIS Causes Death of Pioneer Mother.

Mrs. Kena Sander, daughter of George U. and Randa Sander, was born in Perry county, Ohio, April 15, 1835 and departed this life Thursday, May 17, 1909, at 12 o'clock, at the home of her daughter, Mrs. Cyrus Glaze, seven miles east of Lima on the Marion road, aged 74 years, 28 days. In 1852, at the age of 18, she united with the German Baptist church, and lived a faithful member until her death. She leaves to mourn their loss one daughter, one sister, three brothers, three grand children; the sister living in Perry county, O., two brothers in Allen county and one in Licking county, O. Her father, mother, three sisters and two grandchildren preceded her to the spirit world.

In 1875 she, with her parents, moved to Allen county, and lived the rest of her life. She made her home the past 24 years with her daughter, Mrs. Cyrus Glaze. She was a kind and affectionate mother, and was loved and respected by all who knew her.

Funeral services were held Sunday at 8:30 o'clock in Baker church and interment was made in Harrod cemetery.

INTENT TO DEFRAUD

Charged in the Suit Filed Against Marie Schafer and Others.

DAMAGE TRIAL IS PROGRESSING.

Contested Will Case Continued to Permit Taking Depositions.

Reed Bros. Company has filed a suit against Eugene and Marie Schafer, asking that a certain deed be declared void and charging intent to defraud. The petition states that the plaintiffs furnished the defendant Miss Marie Schafer with materials upon her order and at her request, to the amount of \$257.73, which has been due since January 1, 1904, and that suit was filed in common pleas court, March 4, 1909 and judgment for \$339.55 secured on April 28, 1909. It is further alleged that on May 7, the one-fifth interest in lot 966 in the City of Lima was levied upon, such interest appearing to the defendant Marie Schafer under the will of the late Henry Schafer. It is further alleged that on March 29, 1909 she executed a quit claim deed for her interest in the property to Eugene Schafer, and that the transfer was made without consideration and with the intent to defraud her creditors. The petition asks that the deed be declared void and that a trustee be named to settle with her creditors.

New Suit.
The National Bank, of Delphos, against L. S. Welbaum, cognovit, \$103.20.

Trial Progressing.
The trial of the case of Mary Ambler against the City of Lima, an action for \$25,000 damages, which was begun Monday morning, is progressing rapidly, and will probably go to the jury Wednesday.

The case of Charles Wolfe against Jackson Harmon as receiver of the Cincinnati Hamilton and Dayton R. Co., an action for \$50,000 damages, which was assigned for trial this morning, will be taken up at the conclusion of the city case.

Continued.
Judge Bailey was in the city Tuesday morning to hear the jury case of Ethel M. Shriver against Charles Paden and others. The case is for the contest of the will of the late Laura E. Paden, on the grounds that Max same was not properly executed. The plaintiff had witnesses present from Olean, N. Y. and Chicago, but the defense filed an affidavit for continuance on the grounds that important witnesses were not present, and that they desired to take depositions. The court continued the case until June 1.

Pears Discharged.
Daniel Pears, who was charged with larceny, in connection with the theft of copper wire from the Pennsylvania railroad company in which Thomas Stinger was sent to the works from mayor's court, was brought into probate court this morning and the charge nolledd. The case was set for hearing at that time, but witnesses were not present for the prosecution, and as the defendant denied the charge and had been confined in the county jail since April 21, the prosecutor discharged him.

C. H. & D. EXCURSIONS Sunday, May 30th.

DEATH RESULTED

From Injuries Received by D. A. Barton.

The injuries met with by Contractor D. A. Barton Monday morning while working on a new building, resulted fatally and he died at the city hospital that afternoon at four o'clock, internal hemorrhages causing his death.

Though his fall was not such a great one, as far as distance was concerned, the nature of the injuries that were produced was such that recovery was impossible. Even had Mr. Barton not been past the meridian of life he was so seriously injured internally that nothing could have been done by the attending physicians.

The three daughters who reside in Kansas were sent for and will arrive sometime today. They are Mrs. J. W. Shaw, of Independence, Kas.; Mrs. M. B. Ritchie, and Mrs. I. F. Rankins, both of Caney, Kas.

The remains were taken to the home of the daughter living here, Mrs. Chas. Mayer, of McPherson avenue, and the funeral services will probably be conducted from the St. Matthews church near Cridersville, on Thursday morning. Rev. C. A. Eckhardt, of this city, will have charge and interment will be made near Cridersville.

NOTICE.
The Young Ladies' Circle of the First Baptist church will meet with Ora H. Hamer, 326 south McDonel street this evening, instead of Wednesday evening.
Edison June records on sale today at Tony Zender's, Masonic Building.

WINTER WHEAT FLOUR

In every town there are a few women known as the best bread and pie and cake bakers in the whole town. Whoever they are in your town, it is practically certain they use

Pride of Lima

You know the flour has more to do with perfect baking than your own skill or the oven. The dependability of Pride of Lima is due to its unvarying uniformity.

Made only at
MODEL MILLS, LIMA, OHIO
All good grocers and your dealers sell it
